

Hey Kids,

Here's how to make your own really cool Fire Fighter's Helmet!

1. Write your name on the front of the helmet in the space provided.
2. Have an adult help you carefully cut out your helmet.
3. Tape the front and back of your helmet together to form a loop and trim off any overlapping paper.

Sparky

When the **SMOKE ALARM** sounds...
GET OUT and **STAY OUT!**
